3. Latest and most important FIRS Committee Decisions

- Wheel size is not limited to 110mm wheels.
- The first run of the World Cup in Unterensingen will also be the qualification race for the PSL World Championships.
- If weather conditions change the jury has to decide if the track should be flooded (to guarantee equal conditions for the competitors). Therefore, every organizer should have the necessary equipment to do so.
- European Championships (SL and PSL) in 2017 will take place in Villablino.

4. Changes in FIRS RAD Task Board

- Andy Babl is the new technical delegate of FIRS RAD (until Oct. 2016). For any information related to TD/TD education please contact babl.andy112@web.de.

5. Important Documents: Anti-Doping Agreement and Declaration of the Athlete

- Please bring the signed anti-doping declaration and declaration of the athlete to the World Championships in Unterensingen!
The ultimate opportunity to hand in the document will be during the start number issuance.
(If you will participate only in the World Championships in Villablino you need to hand in the documents there. People who will compete in Unterensingen and Villablino do NOT need to hand in the documents twice.)
- For minor kids (until 18 years) the legal guardian has to sign as well (besides the athlete).
The document will not be accepted if it has not been printed (no PDF, JPG files etc).
