APP 12: age of start authorization

I would like to also ask you for cancellation of rule of Age Start Authorization.

I think that our sport in this time is not ready for this rule. We don't have hundreds of racers. Also as we saw this year, startlist of inserted race to World cup race grow up and it is not desirable.

In the past we had a lot Champions and World cup winners who were not yet 15 years old.

APP:

Age Start Authorization of WC and WCH should be from category U14 (13 years old and older), that mean in next season from year 2006.
