Maria Martinez : Regulation Coordinator in WS RAD Task Board

PROPOSAL OBJECTIVES

EVENT MORE ACTIVE & DYNAMIC

- Reduce delays
- Delete TIME-OUTS

MORE PUBLIC ENGAGEMENT

- Real Final Environment
- National TV Retransmission

INCREASE WRG LEVEL

- Make it more difficult to get a place inside the WRG.
- More desirable

PSL

COMBINED

2. QUOTA REGULATION

CURRENT & NEW PROPOSAL

BARCELONA 2019
WORLD ROLLER GAMES

COMPETITION SYSTEM

SL & GS

PROBLEM: current competition system takes 4 hours.

PHASE 1

2 runs in the same track

BEST TIME OF 2 RUNS

The racer has two opportunities to get the best ranking position.

Starting list: WR POSITION

PHASE 2

1 FINAL RUN !

Starting list: reverse according on the PHASE 1 ranking.

OVERRRAL RANKING = BEST RUN PHASE 1 + THIRD RUN

See example in Word Document

COMPETITION SYSTEM

SL & GS

CLASSIFICATION

1. Result **1st Phase+third run.**

2. Who did not finish 3rd run: in order of the results obtained in **first phase**. Obviously, their position is behind all racers who finished the 3rd run.

 DNF, DSQ or DNS in the **First Phase** → **not allowed** to do the **third run**.

COMPETITION SYSTEM

PSL & COMBINED

PSL

New parallel slalom structure

Objective: avoid that the best racers have to fight between them before the final.

NEW DISCIPLINE: COMBINED

1ST RUN SL
2ND RUN GS

It took place in WRG Nanjing.

Many racers welcome the idea for next WRG BCN

QUOTA REGULATION

CURRENT SYSTEM

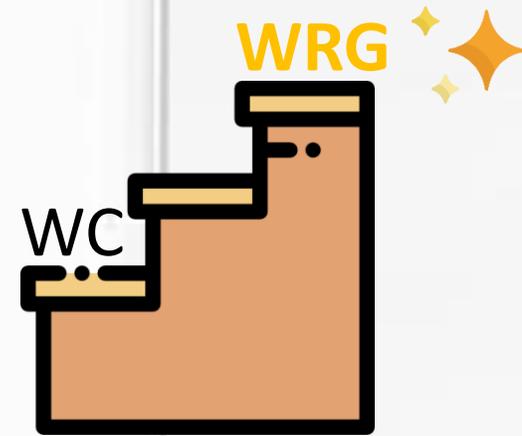

Nation	Men	Women
Germany	35	35
Other Nations	15	15

REASON FOR CHANGING

Guarantee maximum level
Event faster and more
dynamic
Place the WRG into the
next level

NEW SYSTEM PROPOSAL FOR WRG

- 1st and 15th position are directly classified.
- 4 places per country and per gender.
- 5 extra places per gender for the organizer country.
- 2 extra places when there are more than 8 racers between 16-60th position.
