BID Concept for Inline Alpine World Cup

WORLD CUP FINAL OVIEDO (Spain), 19th to 20th of September 2020

1 General Information

[Oviedo](#) is a city in Spain, the capital of the Principality of Asturias, dating back to the High Middle Ages - VIII century.

It is the commercial, university, religious and administrative center of the Principality and headquarters of the official institutions of the Principality of Asturias, of the prestigious [Princess of Asturias Awards](#), of the University of Oviedo, of the Museum of Fine Arts of Asturias. It is recognized as one of the cities with the best quality of life in Europe according to the European Commission.

The municipality of Oviedo is the second most populated of the autonomous community, with 220020 (INE 2018) inhabitants, occupying the 21st place among the most populated municipalities in Spain and included in the central metropolitan area of Asturias, which includes more of 800,000 people. The Asturias Airport is 45 km from Oviedo, from which multiple international flights depart.

In the sports field, the [Asturias Skating Federation](#) and the club [Asturline Roller Alpine Team](#), in collaboration with the Oviedo City Council, the General Directorate of Sports of the Principality of Asturias, the [Spanish Skating Federation](#), has organized the following national competitions in Spain:

- **2016** [Training Spanish National Team](#) qualifiers for the Unterensinger World Championship. [Video](#)
- **2016** [SPAIN CUP](#), [photos](#)
- **2017** [SPAIN CUP FINAL](#), [Video](#)
- **2018** [SPAIN CHAMPIONSHIPS COMBINED](#), Retransmission [channel Vinx-TV](#),
- **2019** [SPAIN CHAMPIONSHIPS SLALOM & TEAM SL](#)

The incomparable setting of the [competition track](#) in the center of the city, the wide experience in the organization of national competitions and the fact that the city is in the big week of the [festivities of San Mateo](#) with 10 days of celebration, in 2018 there were 130 concerts and 9 stages, are undoubtedly a guarantee of success for the celebration of the World Cup Final in 2020.

- Plastic barriers all along the track.

- Starting place should be cordoned off and/or surrounded with barriers, in such a way that it keeps booked for the race and public cannot come inside it.

- The finish area, containing the finish line and the deceleration zone, will be delimited with plastic barriers and with restricted access to the public. A stay ground, which is separated from the real finish area, will be arranged for those competitors who have finished the race as well.
