1. Greetings**S. Zistler**

Welcome to all participants.

Situation is still challenging. Due to COVID-19 all nations have still restrictions. Because of different travel warnings in each country it is not sure all athletes can participate at international competitions.

We have to look forward and we have to be optimistic, recently it is possible to do trainings in each country and there was already a local competition in czech republic. It's a very nice idea that CZE, SVK, SLO, LAT and POL try to organize an eastern Europe racing series.

2. Season/Races 2020 --- Corona situation**S. Zistler**

→ see updated calendar 2020

All WR- Races are cancelled for this season, because there is no certainty that athletes can participate at international competitions.

Also European Championships in Villablino are cancelled. World Skate President Sabatino Aracu and the Executive Board decided to postpone all Continental Championships to 2021 in each discipline.

Each organizer of a local competition can send the invitation to Sigi, Bernd or Jana so they will post it on the homepage or on facebook and instagram. Maybe some international athletes want to participate.

3. Season 2021**S. Zistler**

→ See updated calendar 2021

Up to now there are 8 World Cups planned in 2021.

Villablino will host European Championships from 12th – 14th of August 2021.

Of course, postponing all World Skate events had a knock-on effect on the World Skate Games supposed to be held in 2021 in Buenos Aires, Vicente Lopez and San Juan. The World Skate Games therefore has been moved to 2022!

4. Different issues

Next video conference to update COVID-19 situation will be in the end of August or in the beginning of September. Sigi will send the invitation via Mail.

Next World Skate RAD TC Meeting is planned on 16th of October 2020. Probably it will be a video conference again. Sigi will send the invitation 4 weeks in advance.

Next TD education is planned on 23rd of April 2021. Depending on the current situation it will take place in Ismaning or as a video conference.
